

STOP ISLAND HILLS ZONING CHANGE

www.stopislandhills.com

May 5, 2017

Dear Neighbors,

As you may be aware, Rechler Equity Partners filed an application with the Town of Islip to change the zoning of the Island Hills Golf Course from AAA (residential) to PDD (Planned Development District). If granted this change of zoning the developer will build 1365 rental apartments. If this application is denied, Rechler Equity Partners could build approximately 85 homes on 0.9 acre lots.

We ALL need to oppose this application for a change in zoning. Let our representatives in Town Hall know that we are opposed to any change in zoning for the Island Hills Golf Course. Please send EACH Councilman/Councilwoman, the Supervisor and the Commissioner of Planning and Development a **signed** letter expressing your desire to maintain the existing zoning.

The names and contact information for each Town Official are shown below.

Please, either:

A. **Write your own letter** and send a copy to each of the Town Officials listed below.

Or

B. **Mail 6 Copies of the attached letter. Mail one copy to each Official.** Make sure to fill in the name of the Official in the salutation.

[\(Click here for attached letter\)](#)
